I. Defining Omnipotence: God's toolbox is infinite

- Our English word comes from two Latin words: "omni" which means all, and "potens" which means powerful."
- God, as the creator, is the only omnipotent entity and the source of all power. "With God all things are possible." (Matt. 19:26). Or in the negative, "with God nothing will be impossible" (Luke 1:37).
- God's omnipotence means that God is able to do all His holy will.
- There are no _____ or _____ constraints on His power.
- God's omnipotence is exercised consistent with His _____:
 1. "He cannot deny himself" (2 Timothy 2:13)
 2. God cannot lie because He is the "unlying God" (Titus 1:2)
